 46/C, 5th cross, Beach Road,
Thiruchchendhur, Batticaloa.

SKILLS

- Quick Learning
- Teamwork
- Time Management
- Python Programming
- Basic Java Concepts
- GitHub Fundamentals
- MS Office

LANGUAGES

- Tamil (Fluent)
- English (Manageable)
- Sinhala (Manageable)

CERTIFICATIONS

- Python for Brginners
(University of Moratuwa)
- Java for Beginners
(SimpliLearn)
- Participant SAT Vision

PROFILE

I'm a Software Engineering student with a passion for building things and a growing focus on Artificial Intelligence. I love turning ideas into code - whether it's web apps, algorithms, or AI-powered tools. I'm on a journey to become an AI Engineer-exploring machine learning, neural networks, and how we can use AI to build better products. I believe the best engineers are curious first, technical second.

EDUCATION

●	SLTC Research University BSc.Hons. Software Engineering	2025 - PRESENT
●	Esoft Metro Campus Diploma in English	2025 Feb- 2025 Sep
●	BT/Vivekananda Ladies' College	2011- 2024

EXTRA CURRICULAR ACTIVITIES

●	GitGenius Organized by IEEE	2026
●	SAT Vision Organized by SEDS SLTC	2026
●	FORGE Organized by IEEE	2026

REFERENCE

Mr. B. Ganeshacumar
Visiting Lecturer (English)
